

Dear Families,

Every two years the staff at Children at Play recertify in First Aid, CPR, and AED training. I would like to take this opportunity to remind you of the following policies:

- CAP is a peanut and tree nut free environment. We enforce this due to possibilities of life-threatening allergies among participants.
- Please refrain from sending the following snacks that are high choking risks:
 - Grapes
 - Popcorn
 - Fruit snacks

Please email respite@childrenatplayeic.org with any questions or concerns regarding these safety policies.

Thank you,

Julianna Ulitto
